

## RoHS Compliance Declaration

We hereby confirm that **WMC Sinterstar AG, Lotzwil, Switzerland**, manufactures and supplies cemented carbide products in compliance with the requirements of **Directive 2011/65/EU of the European Parliament and of the Council of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS)**, as amended from time to time, including **Commission Delegated Directive (EU) 2015/863**, as well as the corresponding requirements of the Swiss **Chemical Risk Reduction Ordinance (ChemRRV)**.

The following substances do not exceed the maximum concentration values permitted under RoHS in the homogeneous materials of our products:

| Substance                               | Maximum concentration |
|-----------------------------------------|-----------------------|
| Lead (Pb)                               | 0.1 %                 |
| Mercury (Hg)                            | 0.1 %                 |
| Cadmium (Cd)                            | 0.01 %                |
| Hexavalent chromium (Cr <sup>6+</sup> ) | 0.1 %                 |
| Polybrominated biphenyls (PBB)          | 0.1 %                 |
| Polybrominated diphenyl ethers (PBDE)   | 0.1 %                 |
| Bis(2-ethylhexyl) phthalate (DEHP)      | 0.1 %                 |
| Butyl benzyl phthalate (BBP)            | 0.1 %                 |
| Dibutyl phthalate (DBP)                 | 0.1 %                 |
| Diisobutyl phthalate (DIBP)             | 0.1 %                 |

**WMC Sinterstar AG hereby confirms that its cemented carbide products comply with the RoHS requirements without reliance on any exemptions under Directive 2011/65/EU and its amendments.**

This declaration applies to cemented carbide products manufactured and supplied by WMC Sinterstar AG irrespective of the date of issue of this declaration, provided that no changes are made to the applicable legal requirements or to the product composition that could affect compliance.

**Lotzwil, 10.08.2026**
